SUBJECT: Quarterly Report - Deficit School Districts Pursuant to MCL §380.1220(2)

EXECUTIVE SUMMARY

Pursuant to language in Section 1220(2) of the revised school code (MCL 380.1220), the State Treasurer shall submit quarterly interim reports to the legislature concerning school districts, ISDs, and PSAs that are subject to periodic financial status reports or are under an enhanced deficit elimination plan (EDEP). This is the Department's fourth quarterly report for FY2020-21 to the Legislature where an analysis of FY 2019-20 audited financial data has been completed for all school districts.

On July 7, 2015, the Governor signed into law public Acts 109-114, giving the Department of Treasury (the Department) additional financial authority and responsibilities over K-12 school districts, intermediate school districts (ISDs), and public school academies (PSAs) facing fiscal distress. Pursuant to MCL §380.1219(3), the State Treasurer is required to determine whether potential fiscal stress exists within a school district, intermediate school district (ISD) or public school academy (PSA). Conditions of fiscal stress may include but are not limited to; 1) An operating deficit within a school district, ISD, or PSA during the current school fiscal year or the following two school fiscal years 2) A districts inability to meet its financial obligations while also satisfying the districts, ISDs, or PSAs obligations to provide public education services in a manner that complies with state law.

The School Review and Fiscal Accountability (SRFA) Division within the Michigan Department of Treasury works closely with the Michigan Department of Education (MDE) and the Center for Educational Performance and Information (CEPI). The Department has developed a process to identify fiscal stress by closely monitoring data collected from the districts audited financial statements, adopted budget, State Aid Status Reports, Financial Information Database (FID), and Michigan Student Data System (MSDS).

ENHANCED DEFICIT ELIMINATION PLAN (EDEP) DISTRICTS

Pursuant to MCL §380.1220(5), a school district, ISD, or PSA that has not eliminated its deficit within 5 years after the initial deficit elimination plan (DEP) is required to submit an EDEP to the Department of Treasury. A district may also be required to submit an EDEP if subjected to "rapidly deteriorating" financial circumstances.

Since the March 2021 Quarterly Report, there have been no changes to this list. Additionally, School District of the City of Flint, has ended the year with a positive general fund balance for FY2019-20 mainly due to proceeds from the issuance of a voter approved fiscal stability bond, however, the District remains in deficit through FY2035-36. Table 3 contains a total of eight (8) EDEP districts categorized that includes: two (2) PSAs and eight (6) LEAs.

PUBLIC ACT 436 OF 2012

Public Act 436 of 2012 provides criteria in determining the financial condition, specifically, the existence of a financial emergency, within a local unit of government or school district. Section 141.1563 of the statute states that the Governor may appoint a Receivership Transition Advisory Board (RTAB) to monitor the affairs until the receivership is terminated. As of this report date, one (1) district is subject to an RTAB as detailed in Public Act 436 of 2012.

At a meeting on May 19, 2021, the RTAB voted to approve a resolution to recommend the dissolution of the Receivership Transition Advisory Board for the School District of the City of Muskegon Heights to the Governor. An evaluation of the operational and financial progress of the district identified; the District has increased the general fund balance for FY 2017-18, FY 2018-19 and FY 2019-20 and has eliminated its structural operating deficit for three consecutive years. Additionally, the District is current on all required pensions and OPEB payments and in compliance with bond and note covenants to date.
